

WORK SAFELY AT 5xYES!

GO!

Before starting
the work: first
check if you
can do it safely.

1. Is the surrounding area safe?
2. Are my tools certified and safe?
3. Am I permitted to work with this machine?
4. Am I wearing the correct clothes and personal protective equipment?
5. Can I do these work activities safely?

One or more NOs? Turn over the card.

WHAT TO DO IN CASE OF NO?

STOP!

Consider your own safety
and that of others.
Do not take the risk.

1. Stop! Do not begin working.
2. Consult your supervisor or client.
3. Turn every NO into a YES.
4. Start or resume the work: GO!
